

22.10.20 Thursday

Epidemiology , Screening ,

Chairs: Miri-Ziv, M. Strnad

- 10.00-10.10 Congress opening
Prof. A. Munding SIS president, Prof. I. Drinkovic CSS president
- 10.10-10.20 Breast cancer in the EU and across the world - *M. Strnad /CRO/*
- 10.20-10.40 Breast cancer in Croatia and the national screening program *T. Poljničanin /CRO/*
- 10.40-11.00 The role of anticancer coalition clubs in Croatia - *M. Strnad/CRO/*
- 11.00-11.20 Breast cancer in Slovenia and the national screening program *M. Kadivc/SLO/*
- 11.20-11.40 Breast cancer in USA *C. Kaufman/USA/*
- 11.40-12.00 Effectiveness of the Quality-Controlled National Mammography Screening – The Israeli Experience" - *Miri Ziv /IZ/*
- 12.00-12.20 Breast Cancer Treatment Delay in Low-Middle Income Countries- *V. Ozmen /TUR/*
- 12.20-12.35 Analysis of the Results of Individual Screening – *M. Margaritoni/CRO/*
- 12.35-12.45 HRL & KTC Breast cancer risks *V. Stepanić /CRO/*
- 12.45-12.55 Q&A
- 13.00-14.00 Lunch break

Breast centers

Chairs: R. Orda

- 14.00-14.20 SIS Breast Centre strategy *R. Orda /IZ/*
- 14.20-14.40 NAPBC and Global Alliance Accreditation *C. Kaufman&/USA/*
- 14.40-15.00 The SIS International Program of Accreditation – *D. Iglesias /SPA/*
- 15.00-15.15. Breast center in Croatia- *M. Stanec, I. Kirac /CRO*
- 15.15-15.35 One day clinic – *V. Ramljak/CRO/*
- 15.35-16.55

Astra Zeneca Simposy

Multi.modality approach – Aesthetic surgery

Chairs: V.Ozmen,Z.Stanec

16.00-16.20 Breast augmentation and follow-up /Z Stanec, S Stanec K Martić /

16.20-16.40 Complications after breast augmentation S Budi, Z Vlačić F Rudman / CRO

16.40-17.00 Vertical scar breast reduction D Mijatović, Z Veir / CRO/

17.00-17.20 Risk-reduction surgery - indications and techniques M. Magalhães Costa/BRA/

17.20-17.40 Breast cancer oncoplastic surgery and mini latissimus dorsi flap V.Ozmen/TR/

17.40-17.55 Patient/surgeons satisfaction estimations- A. Roth/CRO/

17.55-18.05 Q&A

23.10.2015 Friday

Basic Research & approaches

Chairs: S Levanat , Ephrat Levy-Lahad,

9.30-9.45

'Translational research in breast cancer'. - S. Levanat/CRO /

9.45 -10.00

Basic molecular mechanisms behind state-of-the-art breast cancer precision medicine I. Šamija /Cro/

10.00-10.20

Inherited breast cancer susceptibility: Genetic analysis – state-of-the-art". Ephrat Levy-Lahad, / IS/

10.20-10.40

Radio-genomics - P.Fasching / GER/

10.40 -11.00

PET-MRI in Breast Disease -O.Ratib / CH/

11.00-11.15

Treatment of BRCA Carriers -S. Schneebaum /IZ/

11,15-11.30

Review of systemic therapy for breast cancer over the past four decades and their impact on the survival of breast cancer patients in Slovenia. S. Borstnar/SLO/

11.30-11.40

Q&A

11.40-12.00

Coffee break

Breast pathology in the era of mammography screening and molecular medicine

Chairs: Jasminka Jakic-Razumovic, Tibor Tot

12.00-12.05

Introduction (Tibor Tot) 5 min/SWE

12.05-12.25

The role of breast pathology in the era of ongoing mammography screening T.Decker /GER/

12.25-12.45

State-of-the-Art biomarker assessment A. Sapino /IT/

12.45-13,05

The relevance of tumor typing and grading in the era of molecular medicine

	<i>S.Tomic /CRO/</i>
13.05.13.25	The issue of intra-tumor and inter-tumor heterogeneity <i>J.Jakic-Razumovic /CRO/</i>
13.25-14.30	Lunch break / SIS Board Lunch meeting/
14.30-14.50 14.50 -15.00	Calcifications and the pathologist <i>T.Tot,/ SWE/</i> Preoperative morphological diagnosis of breast diseases: core biopsy pathology and team approach <i>I. Mrklic, /CRO /</i>
15.00.-15.10	The importance of adequate postoperative processing of surgical specimens – <i>I.Brcic (CRO)</i>
15.10-15.30	Case report <i>T.Tot,/ SWE/</i>
15.30.-15.40	Q&A, ,conclusions
15.40-16.00	Coffee break
	Cytology
	<i>Chairs: Ika Kardum-Skelin ,Fernando Schmitt</i>
16.00-16.20	The role of cytology in the diagnostic of breast lesions <i>L. Di Bonito, /IT/</i>
16.20-16.40	Diagnostic pitfalls/difficult diagnoses in breast FNAC <i>/T. Sauer, /NOR/</i>
16.40-17.00	Determination of hormonal receptors in cytopatology <i>Ž. Pohar-Marinšek. /SLO/</i>
17.00-17.20	Applications of ancillary testing in breast FNA cytology: immunohistochemistry, molecular testing and prognostic markers <i>F. Schmitt, /LUX/</i>
17.20 -17.30	Q&A
17.30-18.15	Neodajuvantna th.

24.10.2015.Saturday

Imaging I

Chairs: B. Brkljačić, R. Schulz-Wendtland,

9.00-9.20 Breast diagnostic: update and future *R. Schulz-Wendtland/ GER/*

9.20-9.40 Elastography -recent & advances *D. Amy / FR /*

9.40-10.00 Practical "BI-RADS ultrasound update" *A. Mundiger /GER/*

10.10-10.20 Full field screening US - GE

10.20-10.40 Radio-dense breast – myths and facts *A. Mundiger/ GER/*

10.40-11 .00 How prevent anxiety in mammography GE

11.00-11.20 Coffee break

Imaging II

Chairs: A. Mundiger, M Francesshi

11.20-11.40 Modern breast diagnostics-current and future *perspectives R. Schulz-Wendtland (GER)*

11.40-12.00 CESM. The new kid in breast imaging. *A. Chalazonitis,/GRE/*

12.00-12.20 Hybrid and Fusion in breast diagnostics - *R. Schulz-Wendtland/GER/*

12.20-12.40 PET-CT in Breast Disease- / *D. Franceschi/USA/*

12.40- 13.00 Bone scintigraphy in breast cancer *M. .Franceschi,K.Kovačić /CRO/*

13.00-13.20 Radioguided Surgery in Locally Advanced Breast Cancer-*F.Giammarile /FR/*

13.20-13.30 Q&A

13.30-14.30 Lunch Break

Imaging III

Chairs: D. Amy.T. Tadic

14.30-14.50

Breast imaging at 3 T – where do we stand *A.Mundiger/ GER/*

14.50-15.10

Fast MR in breast cancer detection *I. Drinkovic /CRO/*

15.10-15.20

MRI of postoperative breast in breast cancer patients *B. Brkljačić /CRO/*

15.20-15.40

Advantages of double relaxivity MRI contrast Multihance -Ciceri

15.40-15.50

Q&A

15.50-16.10

Coffee break

Multi-modality approach - facts and controversies in CIS

Chairs: V. Eusebi, P. Podolski

16.10-16.30

The troubled history of CIS –*V. Eusebi / It/*

16.30-16.50

Non-calcified DCIS – a challenge for radiologists *M. Ingvarsson /Swe/*

16.50-17.10

Stereotactically- guided large core biopsy *T. Tadic /CRO/*

17.10-17.30

Surgery for DCIS current Study *S. Schneebaum/ IZ/*

17.30-17.50

Indications for hormone-based therapy & radiotherapy *P. Podolski /CRO/*

17.50-18.00

Q&A

18.00-18.30

General Assembly of CSS /*godišnja skupština HSD/*

25.10.2015 .Sunday

Multi-modality approach – Onco – Surgery I

Chairs: D. Mijatović , V. Ozem

- 8.00-8.20 The sick lobe concept *T. Tot /Swe/*
- 8.20-8.40 Lobar Anatomy as revealed by US *D. Amy/Fr/*
- 8.40-9.00 MRI in breast cancer *M. Ingvarsson/SWE/*
- 9.00-9.20 Lymphoscintigraphy and sentinel node localization in breast cancer *K. Hoefnagel/NL/*
- 9.20-9.40 Relationship between pathologists and surgeons *R. Masseti /IT/*
- 9.40-10.00 Lobar anatomy-based US-guided conservative surgery *E. Durante /IT/*
- 10.00-10.20 Conservative Surgery + IORT *M.C. Cucchi /IT/*
- 10.20-10.40 Conservative Surgical Techniques :distant results *S.Folli /IT/*
- 10.40-11.00 Intraoperative Radiotherapy in Breast Cancer treatment *E. Novas Dias /BRA/*
- 11.00-11.20 **Past, Present, and Future Challenges in Breast Cancer Treatment** *S.Borstnar/SLO/*
- 11.20-11.30 Q&A

Multi-modality approach – Onco – Surgery II

Chairs: R. Žic , T.Pienkowski

- 11.40-12.00 Primary breast reconstruction *Z. Stanec /CRO/*
- 12.00-12.40 Complications after breast reconstructive surgery *R. Žic /CRO/*

12.40-13.00	Breast cancer in pregnancy - <i>L Mouzaka / GRE</i>
13.00-13.20	Hormonal and systemic therapy - <i>T. Pienkowski /CRO/</i>
13.20-13.40	Radiotherapy <i>M.Bašić Koretić /CRO/</i>
13.40-14.00	Psychosocial Oncology, Sophrology and Ecological-Holistic Approach: Education and Research <i>M. Prstačić /CRO/</i>
14.00-14.10	Q&A
14.10	Congress closure
